Inspires the youth to pursue careers in hospitality

Avari Hotels Cluster GM Hartmut Noak visited COPTHM's New Garden Town Campus to inspire the students to follow careers in the hospitality industry.

Faculty members, students and staff attended his speech and got to hear about Noak's experience in several countries of the world.

He said that the key to success is to set a goal first and to pour all of your energy, power, and effort into achieving it.

It may take many years before you are successful, but if you hold onto your desire, you will eventually attain what you seek, he added.

Noak also visited the facility and appreciated the state of the art campus of COPTHM.
